Detailed Action

Claims 1-15 are presented for prosecution on the merits.

Claim Objection(s)

1. Claims 13-15 are objected to because of the following informalities: in claim 13, line 3, the "and" should be deleted. At line 6, before "N-oxides", the term "and" should be deleted. It is believed that such changes will result in proper Markush terminology.

In claim 14, line 15, the "and" should be deleted. Also, at line 18, the "and" before "N-oxides" should be deleted.

In claim 15, line 3, the "and" before "N-oxides" should be deleted. Appropriate correction is required.

Claim Rejection(s)—35 USC 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 7 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 7 is vague and indefinite because at line 2, the phrase "wherein W1 and W2." is unfinished. Thus, claim 7 is essentially incomplete and the metes and bounds of the patent protection desired are unclear.

Allowable Subject Matter

Claims 1-15 are free from the prior art because the prior art does not teach or fairly suggest the claimed subject matter.

Art Unit: 1614

Conclusion

Claim 7 is rejected.

Claims 13-15 are objected to.
